

## WARKWORTH PLACE

### MISSION STATEMENT

Our strong, unified team at Warkworth Place provides individualized quality care and service to our residents, their families, friends and our staff. We focus on health care, disease prevention, and community well-being while fostering an opportunity for growth in a safe and caring environment.  
(Independence & choices)

### VISION - Creating wellness

We will be a leader, by example, meeting the individual needs of our aging community, ensuring best practices are reflective of our delivery of care.

### VALUES

Our focus is our residents.

**We value** our residents as individuals by recognizing their unique individual spirits and honoring their right to choice in their lives and care decisions.

**We value** excellence, equality and empathy in our care.

**We value** our families by being inclusive in the planning and provisions of care to the residents.

**We value** our staff by providing a work environment that encourages empowerment of staff in decision-making and problem solving, and promotes professional growth and development through education.

**We value** meaningful activities that meet the individual resident's psychosocial, mental, physical, emotional and spiritual needs.

**We value** a positive dining experience that promotes the enjoyment of food as nourishment for the body and spirit.

**We value** involvement of family, volunteers, and community in our home.
